

# BOOTCAMP

**Crowne Plaza Monomotapa - Harare**  
**26 – 30 June 2018**

## Certified Information Systems Auditor (CISA)

The ISACA Certified Information Systems Auditor (CISA) is a globally recognized certification for IS audit control, assurance, and security professionals. This training course equips professionals with the knowledge and technical skills for proficiency within the field and is globally recognized as the mark of excellence for the IS audit professional.

The Certification covers the following domains in detail:

- The Process of Auditing Information Systems (21%)
- Governance and Management of IT (16%)
- Information Systems Acquisition, Development and Implementation (18%)
- Information Systems Operations, Maintenance and Service Management (20%)
- Protection of Information Assets (25%)

### Course Highlights

- Five (5) full days of intense instruction with no outside distractions
- Practice exams and question analysis to aid students in figuring out exactly what the questions are asking and how to answer them.
- Excellent Certification Preparation

### About ITSAC Institute

ITSAC is a world-class institute that inspires, promotes and enables professional excellence. Our clients and students are working towards attaining or already possess internationally recognised and respected qualifications in the fields of Information Technology, Information Security, IT Audit and Business Continuity Management. ITSAC provides training courses for international Certifications that include CISA, CISM, CISSP, C|EH, ISO 27001, CPT as well as in-house training programmes and short courses.
